EDUCATION

ISLAMIA UNIVERSITY BWP

- Bachelors in Computer Science (BSCS)

Khawaja Fareed College

- Intermediate in Computer Science (ICS)

SKILLS

- Html-5
- Css-3
- BootStrap
- JavaScript
- Git & Github
- Effective Communication
- Critical Thinking

LANGUAGES

- English
- Urdu (Fluent)

PROFILE

I am a motivated and detail-oriented Junior JavaScript Developer with a strong foundation in building dynamic, user-friendly web applications. I am proficient in JavaScript, HTML, and CSS, and have experience working with various tools and libraries to create efficient and scalable solutions. I thrive in collaborative environments and am eager to contribute my skills while continuously growing as a developer. Passionate about improving my coding abilities, I am highly enthusiastic about learning new JavaScript frameworks and technologies to stay up-to-date with industry trends and best practices

WORK EXPERIENCE

(Self Employed)

As a self-taught web developer, I have dedicated significant time to mastering core web technologies, including HTML, CSS, Bootstrap, JavaScript, and Git/GitHub. Throughout my learning journey, I have successfully built and maintained several personal projects, refining my ability to design responsive, user-friendly web interfaces. I developed strong problem-solving skills by tackling coding and debugging challenges and gained a solid understanding of version control with Git. My proactive approach to learning has kept me updated with industry trends, and I am committed to expanding my knowledge of new frameworks such as React, Vue.js, and Node.js. Additionally, I have honed my ability to work independently and manage multiple projects, ensuring timely delivery while maintaining high-quality standards. My focus on creating clean, efficient code has allowed me to continuously improve the performance and scalability of my projects. Through collaboration on open-source initiatives, I have also enhanced my teamwork and communication skills, further preparing me for real-world development environments. I am passionate about writing code that is both functional and accessible, prioritizing best practices and user experience. My hands-on approach to learning has helped me quickly adapt to new tools and technologies, and I am eager to take on complex, real-world challenges.

Certificates

- Creating free Business page with Blogger
- Build a website using WordPress
